

Acknowledgements and Closing of Conference

Lena Hjelm-Wallén

President of SCA, Stockholm

Now this conference has come to an end. Many different aspects of the situation have been elucidated and analysed by knowledgeable and committed speakers. The interest and participation from side of the audience has been great. Even if we do not see the full solution for Afghanistan after the conference, we will leave it with much more knowledge and a glimpse of hope for the future.

Many thanks to the staff of SCA, and especially to Johanna Fogelström, to SCA volunteers, and to ENNA for arranging this excellent event.
